# Olifeel® Line TM

## Description:

a 100% sustainable technology from olive richness

### ✓ Olifeel®: technological partnership & sharing of ethics, philosophy and values

**BACK TO THE SOUL OF THE PRODUCT.** From Italian expertise of farming and use of olive, pillar of Mediterranean culture and tradition, towards today's and future cosmetic innovation.

Coming from non-edible sources of the food supply chain and produced by using only soft mechanical processes, Olifeel® TM promotes the Nature's benefits, aiming for Eco-sustainability.

Olifeel® Line TM is the perfect match between olive experts and cosmetic specialists, bringing the best of Nature in a wide range of possible formulations, respecting yourself and the environment.
