

Dispersant FM 163 - H

Dispersant 163 - H is a 100% active polymeric liquid dispersant

<p>Overview</p>	<p>High quality product use in UV and Gravure Ink and paint systems</p>
<p>Product data</p>	<p>Appearance amber waxy granules/yellow viscous liquid</p> <p>Gardner colour 9 Max</p> <p>Active content 100%</p> <p>Specific gravity 1.13g/cm³</p>
<p>Product property benefits</p>	<ul style="list-style-type: none"> ● Higher gross and strength ● Higher pigment loading in the millbase ● Reduces millbase viscosity ● Improved pigment wetting
<p>General application</p>	<ul style="list-style-type: none"> ● UV offset inks ● Packaging gravure inks ● Steam resistant packaging inks ● Automotive refinish and industrial paints
