

Technical Data Sheet (TDS)

Product: PPA Masterbatch

Product code: RP784

Description:

This Masterbatch is polymer processing additives (PPA) in LDPE/LLDPE carrier. Based on Fluoropolymer. It is widely used in LLDPE film extrusion and PP extrusion sheets to improve the process ability of the polymers at higher shear rates. Addition of PPA Masterbatch reduces the melt fracture or shark skin effect during the process of LLDPE / LDPE / HM-HDPE / PP by extrusion process.

Properties:

| | |
|---------------|---|
| Delivery form | Granule |
| Color | Colorless |
| Application | Agricultural films, Packaging films, Extrusion sheets |
| Packaging | 20 kg |
| Storage | 2 year |

Specifications:

| | |
|---------------|----------------|
| Compatibility | LD/LLDPE/HD/PP |
| Dosage | 0.5 – 1.00 % |
| PPA content | 4 % |
| Dispersion | Satisfactory |
