

## TCS-6562

### INCI Name

CYCLOPENTASILOXANE & CYCLOHEXASILOXANE

### Description

TCS-6562 silicone fluid is mainly comprised of cyclomethicone pentamer and hexamer. It's colorless and transparent liquid, without odor and irritation. It's easy to use and spread, imparting soft and lubricious feel to skin and hair. It is highly compatible with many cosmetic ingredients, without residues after evaporation. It can reduce surface tension, help to disperse pigments, widely used in personal care products such as make-up, skin care, hair care, sunscreen, antiperspirant, deodorant products.

### Specification

| Parameter             | Value                        |
|-----------------------|------------------------------|
| Appearance            | Colorless transparent liquid |
| Color (Hazen)         | ≤20                          |
| D3 content (%)        | ≤0.5                         |
| D4 content (%)        | ≤10                          |
| D5+D6 content (%)     | ≥90.0                        |
| Water content (%)     | ≤0.025                       |
| Acid value (mg KOH/g) | ≤0.01                        |

\* These values indicate typical specification, they are not intended to be used as product specifications.

### Properties

- No oily feel
- With moderate volatility, can stay on skin or hair surface for some time.

- Compatible with many personal care ingredients.
- Stable.
- Make skin and hair lubricious, clear.
- Reduce surface tension, help to disperse pigments.
- Excellent spreadability.

### Application

- Skin care, sunscreen products
- Make-up
- Hair care products
- Antiperspirants, deodorants

### Formula guidelines

TCS-6562 is compatible with many cosmetic ingredients, even some waxes, fatty acids, fatty acid esters and non volatile silicones.

Mutual soluble with alcohol.

Can use singly or with other ingredients.

Because of its widely application, dosage should be determined according to specific detail, further information can be derived from Technical & Service Department of TINCI.

### Storage & Handling

**Standard Packing:** 190kg/drum

**Storage:** Keep in Cool, Dry, Ventilated and Lightless Place.
