

PC 99.5%

Product name Propylene carbonate 99.5%

CAS No. 108-32-7

UN No.

ENS No. 03-572-1

Specifications	Appearance	Clear transparent liquid
	Purity	99.5%min
	Color	30max(Hazen)
	Water	0.1%max

Use / Application Propylene carbonate can be widely used as a solvent for taking off decarbonation in petrogas, oil field gas, petroleum pyrolysis gas as well as feed gas of synthetic fiber; Additionally it can be used as perfect medium of lithium cell in battery industry and as a solvent of polymer in macromolecule industry

Packing in 250kg/drum 20'fcl=80drums=20mt
