SOLVENT-CONTAINING AND SOLVENT-FREE COATINGS

DATA SHEET

Applications									
Applications		A 1111 631 5=5							
	In combination with liquid Araldite [®] epoxy resins such as Araldite GY 250, GY 253, G 255, GY 257, GY 260, GY 266, PY 302-2, GY 783, PY 307-1 and BY 157, Hardene Aradur 3203 is suitable for producing solvent-free or low-solvent highly resistant coating and flooring compounds.								
	Thanks to its high reactivity, Aradur 3203 can also be used as cure accelerator i conjunction with polyamidoamine or cycloaliphatic polyamine hardeners.								
Properties	Highly reactive and therefore suitable for systems applied by two-component spra equipment not utilizing compressed air.								
	Characteristics								
	 short pot life and rapid curing excellent resistance to inorganic acids and organ and alcohols good mechanical properties good adhesion to concrete and sandblasted steel relatively good colour fastness the tendency to surface tackiness (exudation) can be nation with other hardeners and/or addition of benzy 	e prevented by pigm	·						
Key data	Specified key data								
	Aspect (visual)	clear liquid							
	Colour (Gardner, ISO 4630)	≤ 3							
	Amine number (ISO 9702)	455 - 485	[mg KOH/g]						
	Viscosity at 25 °C (Falling-ball, ISO 12058-1)	300 - 600	[mPa s]						
	Specified key data are individually checked throughout and guaranteed.								
	Typical key data								
	H ⁺ active equivalent weight	50	[g/eq]						
	Density at 25 °C (ISO 1675)	0.96	[g/cm ³]						
	Flash point (Pensky Martens, ISO 2719)	≥ 200 [°C							
	As-supplied form	liquid							
	Odour	yes							
	Shelf life (at storage temperature between 2 - 40 °C) several years (see expiry date on original container)								
	Hazardous decomposition products (when disposed of in fire) carbon monoxide, carbon dioxide, nitrogen oxides and other toxic gases and vapours								
	Disposal regular procedures approved local authorities								

_

In addition to the brand name product denomination may show different appendices, which allows us to differentiate between our production sites:
e.g. BD = Germany, US = United States, IN = India, CI = China, etc. These appendices are in use on packaging, transport and invoicing documents.
Generally the same specifications apply for all versions. Please address any additional need for clarification to the appropriate Huntsman contact.
